

Mirajul Islam Mahim

I am a young innovator from Narayanganj, Bangladesh, focused on robotics, artificial intelligence, and sustainability. I developed Hydrover to address plastic pollution in waterways and have experience leading teams, organizing events, and volunteering in climate and emergency initiatives with BDRCS. Currently, I am building a product authenticity verification system to combat counterfeit products in Bangladesh, driven by a commitment to real-world impact through innovation.

Achievements:

- Silver Award Winner, Queen's Commonwealth Essay Competition 2025
- District Champion and National Rank holder, 45th and 46th National Science and Technology Week (NSTW)
- National Topper and GDT Trainee, National Earth Olympiad
- District Champion, Wildlife Olympiad
- Champion, UIU ICT Olympiad
- Champion, NextGen BD 2025, Green University
- Champion, DRMC National Math Summit 2025
- Champion, Inter-College Fest
- 9th Place, BICS AI-Haytham Science Fest
- Advanced Robotics Training, Team Atlas
- National Round Participant: BdPhO, BdMO, BdEO, BEO, BdAIO, BdRO, NEO

Experience:

- Developer at TagWraps, a startup for securing product authenticity.
- President, Govt. Tolaram College Science Club (GTCSC) (EC 2024-2025) organized seminars and workshops, managed teams, and promoted science and technology education.
